Hello FISTS! This is
the Reference Issue
2002. Inside, you will
find a roster of the Ac-
tive Members - mem-
bers who's dues are
current. It also includes
the rules for the FISTS
awards and instructions
on how to use our QSL
bureau. You will also
find a complete set of
Photopages and a ros-
ter. As you will see, it
takes a lot of photos to
complete a photopage,
so please send in your
photo! It's fun to be
able to put "a face with
the fist" after a QSO.

If you have any correc-
tions to the list or
photopages, please tell
us. I think we do very
well, specially consid-
ering how many FISTS
members we keep track
of -- but we can't cor-
rect or update if you
don't tell us.

The "How Do I" page
is in every issue of the
Keynote and can be
very helpful. You will
get faster, better results
if you follow the in-
structions. For ex-
ample, if you send QSL
cards to me instead of
to the Bureau, I gener-
ally set them aside
FISTS CW Club

while I process the applications and renewals.. I
do my best to keep track of them, but I get moun-
tains of paperwork each month. I will send the
cards on to the Bureau, but it makes more work
for me, and delays your QSL cards. Your requests
will get prompt attention if you send them to the
person listed to handle that particular task.

Our web page <http://www.fists.org> is another
good source of information. We've kept the web
page in a simple format, no java or flash scripts,
so people with even the most basic computers
can access it. It has links to the email addresses
of the volunteers of the How Do I page. If there
is something you'd like to see on the web page,
please let Bill, KK4FK, the Webmaster, know.

Ten issues of the Key Note are printed each year.
This means it comes out about every six weeks,
NOT monthly. The issue number does not nec-
essarily correspond to the month in which you
receive it. It is mailed via bulk mail, which means
it is delivered with magazines and junk mail, and
the postal carrier has some discretion on when
he delivers it. Sometimes it takes 3-4 weeks to
be delivered. If you are not receiving the news-
letter in a timely fashion, there is nothing I can
do about this from Hadley MI, but you can fill
out a form at your local post office and they will
investigate the problem.

The content of the Key Note is dependent on
your contributions. If you've built a new kit,
write and tell us about it. Product reviews, an-
tenna projects, hints and tips and experiences
you've had on the air are always welcome and
of interest to other FISTS. We want to hear from
you! I hope this issue enriches your FISTS mem-
bership. Let me know if there's anything I can
do to make it better. Constructive criticism and
"atta girl's" are always welcome! 73 88 Nancy

FISTS OPERATING AWARDS

All FISTS awards can be applied for via e-mail. Send an e-mail to Dennis K6DF stating which award you are applying for, your name, call and address, and send your complete log with all the info for the award via e-mail attachment. Excel and Word files are preferred, but a text file of your log is also acceptable. Be sure and carefully check your log for duplicate contacts!

When you apply for an award, please send the complete log for that award, for example, if you have the Silver award and are applying for the Gold award, send the complete log showing all 500 contacts for the Gold award.

There is no charge for any of the awards for FISTS members in good standing, but stamps are appreciated. Non-FISTS and FISTS with lapsed dues are eligible for awards but please enclose \$3 to defray expenses.

Only one numbered award of each type will be awarded per FISTS number. For example, if you earn the Basic Century with your USA callsign, then go to Europe and earn it again using a DX callsign, you can get a Century Certificate for the DX callsign, but it will have the same certificate number as your previously issued Basic.

You do not have to have a QSL cards to claim the contact for awards. A logging worksheet is available in PDF format on our web page: <http://www.fists.org>. It can be used for ALL of the Century/Platinum Awards. When using this form to apply for Platinum Awards, use the points column to list the CC numbers as the Platinum Awards do not use the point system.

Basic Century Award

*****THE NUMBER ON THIS CERTIFICATE IS YOUR CC NUMBER*****

The Century Award is earned by working 100 points of FISTS members. FISTS operating from the same country that you are in are worth one point. FISTS operating from a different country, as defined by DXCC rules, are worth two points. FISTS affiliated club stations are worth three points. A FISTS number can only be counted once.

You don't have to be a FISTS member at the time of the contact, but the person you are claiming for Century Award points must be a FISTS member AT THE TIME OF THE CONTACT. For example, if you QSO with someone who is not a FISTS member, but they join FISTS after the QSO, you must work them again for credit. You cannot count the QSO before they joined FISTS toward any FISTS Award.

Silver Century Award

The Silver Century Award has the same rules as the Basic Century and is for a total of 250 points. Points used to claim the Basic Century may be used toward the Silver Century Award. Send the log information (no QSL's please) to Dennis Franklin, K6DF. The number on this certificate is NOT your CC number.

Golden Century Award

The Golden Century Award has the same rules as the Basic, but it is for a total of 500 points. Points used to claim the Basic Century and Silver may be used toward the Golden Century Award. Send the log information (no QSL's please) to Dennis Franklin, K6DF. The number on this certificate is NOT your CC number.

Diamond Century Award

The Diamond Century Award has the same rules as the Basic, but it is for a total of 1000 points. Points used to claim the Basic, Silver & Golden Centuries may be used toward the Diamond Century. Send the log information (no QSL's please) to Dennis Franklin, K6DF. The number on this certificate is NOT your CC number.

The Century Awards are available in QRP and 2-way QRP, QRP meaning 5 watts or less output. Please give your power used when applying for the QRP version of the Award. A list of current Diamond Award Holders should be available from a link on our web page. When you apply for an award, please send the complete log for that award, i.e. . . . if you have the Silver award and are applying for the Gold award, send the complete log showing all 500 contacts for the Gold award.

Platinum Award

This award, which used to be called the Century of the Centuries, is earned by working 100 different Century Certificate holders. The Century Certificate (CC) number must be obtained during an on-air QSO. Each CC number is only counted once, for a total of 100 numbers, regardless of location or band. Send your log of contacts with their CC numbers to Dennis Franklin, K6DF.

250 Platinum Award

The 250 Century Award is for 250 Century Award holder Contacts. Send the log information (no QSL's please) to Dennis Franklin, K6DF.

500 Platinum Award

The 500 Century Award is for 500 Century Award holder Contacts. Send the log information (no QSL's please) to Dennis Franklin, K6DF.

Mobile Operating Award

This award is earned by accumulating 100 points of two-way CW QSO's made while MOBILE on or after September 1, 1998. The rules are the same as the Basic Century Award. Two-way CW QSO's within your own country are worth 1 point. Two-way CW QSO's with countries defined by DXCC rules are worth 2 points. Duplicate contacts do not count.

If you have not earned a Basic Century but apply for the Mobile, you will automatically be issued a Basic Century Award in addition to the Mobile Award. You may count the points claimed for the Mobile Award toward the QRP Century Award if the power is 5 watts or less. They may also be counted toward the Gold, Platinum, or other awards if you have not previously claimed the contacts.

For purposes of this award "MOBILE" shall mean: Any motor vehicle used to transport people, such as car, truck, etc. The mobile must be moving, or stopped temporarily, as at a stop light. NOTE: An RV, or similar vehicle, parked at a campground would be considered PORTABLE and NOT COUNTED TOWARD THIS AWARD. However, an RV, or similar vehicle, that is moving would be MOBILE. QSO's made while you are driving or while you are a passenger in the vehicle are eligible. Transmitting and receiving antennas must be physically attached to the vehicle. Transceiver must be located inside the vehicle

Worked All States Award

WORKED ALL STATES award is earned by working FISTS members in all 50 states. The FISTS worked must be a FISTS member at the time of the contact. A checksheet is available in PDF format on the web page: <http://www.fists.org>

FISTS Rag Chewers Award

This award is earned by making 100 two-way CW QSO's, each lasting at least 30 minutes, with another FISTS member on or after the date of September 1, 1998. Duplicate member contacts are valid, but they must be made on different dates. You may apply for this award only once. Send a copy of your log information to: Dennis Franklin, K6DF, at 4658 Capitan Drive, Fremont, CA 94536-5448. Return postage is appreciated.

Questions about the awards may be directed to The FISTS Award manager, Dennis Franklin, K6DF, at the above address or Nancy WZ8C PO Box 47, Hadley MI 48440-0047.

NEW: 15th Anniversary Award

Happy Anniversary to us! 2002 is the 15th Anniversary of The Founding of FISTS. To celebrate, we have created two special awards. The period of time to earn these awards will be one year, 2002. QSO's made between January 1, 2002 and December 31, 2002 ONLY will be valid. Contacts must be two-way CW QSOs. You may earn both awards, but remember, only one FISTS number can be counted in your total. You can use the QSOs claimed for Anniversary Award #1 to qualify for Anniversary Award #2.

Anniversary Award #1

Requirements:

FISTS numbers from -

- A) 10 FISTS different members operating from each of the ten callsign areas - total of 100 contacts.
- B) 15 different FISTS operating in Canada
- C) 10 different FISTS operating in England
- D) 10 different FISTS operating from a DX country that is NOT England or Canada.
- E) 15 different Clubs with FISTS numbers (DX or USA)

Total 150 different FISTS member numbers

Anniversary Award #2

Requirements:

FISTS numbers from -

- A) 15 different FISTS operating in each of the 10 call sign zones (0 through 9) - total of 150 contacts.
- B) 40 different FISTS operating in Canada
- C) 40 different FISTS operating in England
- D) 40 different FISTS operating from a DX country that is NOT England nor Canada
- E) 30 Clubs with FISTS numbers (DX or USA)

Total of 300 FISTS member numbers

* NOTE: The FISTS member number counts toward the area from which they are operating, NOT the origin of the callsign they are using.

Each contact must be with a different FISTS member. Each FISTS member number is counted only once, no matter where they are located at the time of the contact; no matter what callsign they are using. If you contact WZ8C while she's home in Michigan and later when she's on vacation in Costa Rica, you may count only ONE of the contacts toward the Anniversary Award.

Clubs with FISTS numbers are also only counted once. Working different members using their club callsign do not count as more points unless you also work them using their own callsign and FISTS number..

DX is defined by DXCC rules, which means Hawaii and Alaska are DX for the continental USA.

Once you have a person or club's number, they cannot be counted again toward your total.

Logs should include Call, Name, FISTS number, date, QTH. To facilitate log verification, please list contacts according to the group requirements they fulfill.

What is a CC number?

You may have been asked for your CC number during a QSO with a fellow FISTS member. "CC" stands for "Century Certificate". When you earn The Basic Century Award, there is a number on your certificate. This is your Century Certificate, or CC number. You can see from these pages that you can earn other awards by working FISTS with Century Certificates.

Only the BASIC CENTURY number is your CC number. You may have different variations of the Century, such as the Silver Century, but the numbers on the other Century Awards do not count toward the Platinum or other awards, only the BASIC CENTURY CERTIFICATE NUMBER.

Beginner's Guide to the FISTS QSL Bureau

Basically the QSL Bureau works like this: You pack up all your QSL cards you have for contacts with other FISTS members and send them to us. We sort the cards and put them in the SASE's which the members have sent to us. When we get 6 to 7 cards in your SASE with 34 cents postage on it we mail them. The mailing address for the Bureau is:

**FISTS QSL Bureau
c/o Stan Reas - K4UK
1020 Long Island Drive
Moneta, VA 24121**

To get the cards which are sent via the Bureau for you, you need SASE's on file with us. We suggest and much prefer #10 business size envelope (4-1/8" x 9-1/2") which will work for nearly all QSL card sizes. Whereas the smaller personal size envelope (3-5/8" x 6-1/2") will work for most QSL cards, we do receive quite a few cards larger than 3-5/8" - especially some of those from DX members. Some of the members send 6" x 9" Kraft Envelopes which can handle all cards sizes I've ever seen. A very nice size is the #35 Kraft Envelope which is 5" x 7-1/2" - but these are hard to find.

Your SASE (Self-Addressed-Stamped-Envelope) should have at least a 34 cent stamp in the upper right hand corner. Your address goes in the normal address position on the envelope. Please put your call in LARGE letters in the upper left hand corner. We suggest a minimum of 3 SASE's be sent.

We will put a number in the lower left hand corner of each of your SASE's to indicate which envelope is being used. We will include a "Last Envelope in Bureau" note when we have used your last envelope to send cards to you and we may add a note on the rear flap of the envelope.

When you send in additional cards you can then send in additional SASE's. If we get a large quantity of cards for you, we may well put them all in one envelope and add postage as required. We appreciate your sending replacement postage for our "stamp kitty" with your next batch of cards if we do this.

Based on the weight of my QSL card the following postal rates apply effective July 1, 2001 per the scales in the Moneta Post Office:

Weight	Postage	Cards
1 ounce	\$0.34	7
2 ounces	\$0.57	15
3 ounces	\$0.80	23
4 ounces	\$1.03	32

You can send QSL's for contacts with foreign FISTS members to us and we will forward them to Chuck Spence, M0AVW in England or to Ralph Sutton, ZL2AOH in New Zealand who handle the distribution of QSL cards for overseas FISTS members. We distribute cards to FISTS members in Canada in other countries in North and South America.

So, send us your QSL cards and some SASE's and you're set up to use the Bureau. It won't do any good to send cards for contacts with stations who are not FISTS members as they won't have SASE's on file with us. It is a good idea to tell the FISTS member that you will QSL via the Bureau. In that way he will know that you have SASE's at the Bureau. And, it is a good idea to confirm with the FISTS member that he will QSL via the Bureau. There are some members who will QSL direct only.

If you send in a "bunch" of cards it would be appreciated if you sort them by call number. It makes the initial sort go much faster. But, you don't have to further sort them alphabetically.

Special Note for Canadian, Mexican and others using the Bureau:

Since all mail we send out from the Bureau must have U.S. postage stamps, you will have to put U.S. stamps on your SASE's. Since obtaining U.S. stamps may be hard, if not impossible, we suggest that you send SAE's (Self-Addressed-Envelopes) without stamps and some funds to cover the stamps we will obtain for you. Such funds can be "Green Stamps" or checks. If checks, please make them out to me, Stan Reas as my bank will not honor checks made out to FISTS QSL Bureau.

Weight	Cards	Postage to Canada	Postage to Mexico	Postage to Others
1 Ounce	7	\$0.60	\$0.60	\$0.80
2 Ounces	15	\$0.85	\$0.85	\$1.60
3 Ounces	23	\$1.10	\$1.25	\$2.40
4 Ounces	31	\$1.35	\$1.65	\$3.20

Various members of the Franklin County Amateur Radio Club of Rocky Mount, Virginia assist me in the work of the QSL Bureau. They do the final sorting and mailing of envelopes.

There is a FISTS QSL Bureau Web Page listing those members who have (or have had) SASE's on file at the Bureau. Also there is a list of those members for whom we have 3 or more cards on hand, but no SASE's. Plus there is a list of those members who have advised us they do not use the Bureau but will QSL direct only. It's address is: www.qsl.net/w4fcr/fist.html

If you have questions, I can be reached by Email: stanreas@rev.net

All costs involved in operating the QSL Bureau come from the donations from our members. We mail the DX cards to Chuck in bulk and the cost has averaged 5 cents per card. Also we mail the DX cards to Ralph in bulk and the cost has averaged 8.5 cents per card. So, if you send cards to DX members a donation would be appreciated!

Here is an example of how your SASE should look:

(suggest #10 business size envelope)

FISTS CALLING FREQUENCIES

We all know that no one owns a particular frequency. You can find a FISTS member on the bands just about anywhere by calling CQ FISTS. You are encouraged to spread out and not cluster just on these spots - after all, there are thousands of FISTS and we can't all fit on the same frequency! You will increase your odds of finding different FISTS members if you call in different places on the bands.

Keep in mind that some of these frequencies, particularly on 20 meters are near the QRP/DX window and other groups calling frequencies. LISTEN before you call CQ; ask if the frequency is busy. If you can, make a contact and move, or QSY, off the frequency to a different spot to free up the calling frequency for others to use. That's why it's called a calling frequency, not a QSO frequency. With this in mind, here are the suggested calling frequencies.

2m 144.058 MHz

6m 50.058 MHz

10m* 28.058 MHz

12m 24.918 MHz

15m* 21.058 MHz

17m 18.085 MHz

20m* 14.058 MHz

30m 10.118 MHz

40m* 7.028 MHz All IARU Regions

40m 7.058 MHz — IARU Region 2

80m* 3.558 MHz

160m* 1.808 MHz

* Note 1: The calling frequencies for 10m, 15m, 20m, 40m - All IARU regions, 80m, and 160m, are only 2 kHz. below QRP calling frequencies (7.030 MHz is the QRP calling frequency in Europe). Please only QSY *down* from these frequencies.

U.S. Novice sub-bands

10m 28.158 MHz 15m 21.158 MHz 40m 7.118 MHz 80m 3.708 MHz

Note 2: Please use the Novice sub-band calling frequencies as much as possible. It will benefit Novices, and also provide support for retaining the spectrum.

FISTS SPRINTS

OBJECTIVE: To exchange specified information with as many U.S. or Canadian FISTS members as possible, using Morse Code only, and within the time frame stipulated.

For FISTS members: RST, U.S. state/Canadian province/DXCC country, first name, FISTS number.

For non-FISTS members: RST, U.S. state/Canadian province/DXCC country, first name, Power output.

DX COUNTRY STATUS: U.S. states and Canadian provinces are those states and provinces that are contiguous and found within the North American continent. DX are those entities listed in the current ARRL DXCC publication, other than the above.

Each QSO with a non-FISTS member: 2 points.

DX countries count as a multiplier each time worked.

If a DX country is worked several times on different bands, each QSO counts as a multiplier.

LOG SUBMISSIONS: Sending the logs is what counts, and they will be spot checked for accuracy and correct scoring procedures. All log entries must be received 30 days after the Sprint to be considered valid. Logs not sent to the proper address will not be considered for entry.

All logs MUST contain the following information to be considered for entry:
Your name and call sign. Club name if entry is for a club. Your FISTS number if a member. Entry class. Your claimed score. List of claimed multipliers. An entry form is available on the web page..

ELECTRONIC LOGS; We will accept E-logs in standard Cabrillo format, or ascii text files. If your not sure about your format, please contact me before the contest entry deadline.

E-logs are sent to W8PIG@yahoo.com ONLY.

Code Buddy Program

This was written by John Cmiel, W9EM, previous Code Buddy Coordinator. Terry Lohrey KG4EMM took over as Coordinator when John's work schedule changed and he was unable to continue volunteering. John explains the program very well in this article, so I am reprinting it here.

We all know that there is no better way to improve your CW skills than to have "on the air" contacts. But, they can be frustrating and embarrassing when you meet operators that send too fast or are beyond your capabilities and not willing to slow down and help you. We have all been there. It can be a tough, frustrating, even a scary experience.

SRI OM QRM, 73 BCNU SK. BANG! Shut off the rig. WHEW! I'm glad that's over with. I may **NEVER** try that again. **THIS WAS SUPPOSED TO BE FUN!** Does this bring back a memory?

I remember back to my days as a novice (WD9AKE). It was 1977. There was a big push to add members into the HAM fraternity and there were a lot of operators that were at the same level that I was (new, slow and inexperienced). In addition, I had an Elmer, WB9LJW, that spent countless hours with his students turning them into CW operators and helping them reach that illusive General Class License. Thanks Bob. I'll never forget your dedication, patience and understanding. It was still stressful from time to time, and I think it may be even more difficult today.

Well, there is good news. We have a better way. The FISTS Code Buddy Program is a great way to work one on one with an experienced, friendly operator that understands your needs. Your personal Code Buddy will become a friend that will send slowly enough for you to copy and will provide you with the ability to learn proper operating techniques. If you are new to CW, or just need a 'brush up,' your Code Buddy will work with you at a comfortable rate as you gain speed and experience and most importantly, confidence.

We have a number of our members that have volunteered to assist. These are the Code Buddies, and they are the foundation of this program. They are typically "seasoned" CW operators that will establish a schedule with you to give you actual "on the air" practice sessions.

It's a great way to improve your CW operating ability, meet other members and establish new friendships that may last for years. It doesn't make any difference whether your primary interest is contesting, traffic handling, or rag chewing, etc. We have the perfect Code Buddy for you. It's a very worthwhile program and one that I'm sure you will enjoy.

Now, a little about the role of the coordinator. My job is to keep track of all the Code Buddies and the Students and initially "hook them up" so you can establish schedules that are mutually convenient. I'll try to find common equipment capabilities, times of the day and areas of common interest, etc. So, please send me as much information about yourself as you can to help me find you a compatible Code Buddy or Student.

I will also follow up from time to time to see how things are going. If for any reason the Code Buddy and the Student can't connect, I have a list of other Code Buddies and Students that can be substituted.

We also have Cody Buddies who are looking for a ragchewing buddy at a similar proficiency level. Having a Code Buddy gives you that extra incentive to get on the air and do some code practicing. Give it a try! It's a good confidence builder as well as a fun way to improve your sending and receiving skills.

Please Note: Effective August 2001, the new Fists Code Buddy Coordinator is

You are cordially invited.....

...to join FISTS CW CLUB, the non-profit group devoted exclusively to CW operators and Morse code operating.

We have three straightforward goals:

To further the use of Morse code
To engender friendships among members
To encourage newcomers to use Morse code

We are celebrating our 15th year of bringing hams together using a common bond — A love of Morse code.

FISTS members actively participate in a wide variety of FISTS activities including rag chewing, contesting, earning awards, QRP, and most importantly, our Code Buddy "Elmering" program.
All activities emphasize courteous operating practices.

Our members are young and old, both OM's and YL's. They live worldwide, hold every license class and enjoy CW at widely varying proficiency levels.

FISTS is not tied to any commercial interests and has no paid employees. Our chatty newsletter, The Key Note, our QSL Bureau, all awards and activities are funded by entirely by a modest annual dues of \$15.

Requirements for membership are simple.

You simply have to like Morse code!
